4-1-12 and 4-2-12 joined the battalion for the majority of Operation Buffalo and Hickory II. On 15 July 4-2-12 moved to the 2159 grid square and on 22 July moved to its present position in the 1169 grid square. An Army counter-mortar radar unit began operation in the CP area on 26 July in an effort to detect enemy weapons, which periodically fire on the Dong Ha Combat Base.

PART III

SEQUENTIAL LISTING OF SIGNIFICANT EVENTS

1. Combat Missions Assigned. Direct support of 9th Marines.
2. Significant Operations Conducted. Operation Cimarron, Operation Buffalo, Operation Hickory II and Operation Kingfisher.
3. Casualties Sustained. 10 KIA and 44 MIA.
4. Logistics. The logistical situation within the command continued to be satisfactory as the battalion supported 6 batteries in 3 widely dispersed positions. The motor transport deadline for the period was 11. Insufficient quantities of 1st echelon spare parts caused the majority of deadline time for the vehicles.
5. Civic Action. 2nd Battalion, 12th Marines is presently conducting a civic action program in two local hamlets, Truc Khe and Thiet Trung. During the month of July, 211 Vietnamese civilians were given medical treatment by the civil affairs MEDCAP team. Both hamlets were assisted in removing graves from nearby bat org positions. Weekly visits are made to the hamlets, and relations with local officials and the people are friendly.
6. Personnel. The battalion was at full strength at the end of the reporting period. Shortages existed in the following MOS's: 2531, 0842, 2111. 14 Marines participated in the R&R program during July.
7. Intelligence. On the 3rd of July Capt. W. A. Barnister relieved Capt. J. R. Tuten as S-2 of the battalion. In the first 2 weeks of July units at Con Thien received numerous rounds of incoming, ranging from 81 mortars to possibly 152 mm weapons. Fragments and crater analysis data were sent to Regiment for evaluation. On the 6th of July the CP area at Headquarters Battery received 8 rounds of 122 mm, which resulted in 1 KIA and 2 MIA.
8. Communications. Communications for the battalion were reliable and secure during July. Signal radio nets were manned 24 hours a day. A KY 8 shot was run twice a day with all batteries. Sgt. Taylor relieved as acting communications chief in Gunnery Sgt. Burton's absence.

10. Training. A regularly scheduled training program was initiated during the first week in July. The combat situation made it imperative that each schedule be flexible and allow ample time for improvement of positions and logistical tasks. Battalion level F&D&C training was held for 2 1/2 weeks. 14 Marines were processed through the course at this time. The battalion FDC recieved its permanet F&D&C on the 28th of July and will train throughout August and become operational with the equipment at sometime in early September. 3 personnel were sent to school during July, one to basic ammo tech training for two weeks on Okinawa and two to NCO leadership training.
