NARRATIVE SUMMARY

During September the Battalion's mission remained unchanged. The Battalion continued to defend key terrain, conduct extensive patrolling and night ambushes, and defend assigned sectors of the KHE SANH Combat Base.

Operation ARDMORE continued throughout the month of September. Search and destroy operations, combat patrols, ambushes, and road security operations were conducted in conjunction with Operation ARDMORE.

During the reporting period enemy activity in the KHE SANH operating area continued to be light.

The Battalion conducted two company size search and destroy operations. The company defensive positions and the Combat Patrol Bases on Hills 881S and 861 continued to be improved.

Company D relieved Company A on Hill 881S on 9 September.

Company C relieved Company B on Hill 861 on 15 September.

Company B relieved Company C and occupied the Battalion's assigned defensive sectors of the KHE SANH Combat Base on 15 September.

HIGHLIGHTS

On 1 September MajGen STRONG USAF, OSD, visited Company C on the Base perimeter.

On 10 September BGen METZGER visited Company D on Hill 881S.

On 12 September the Division Management Team reviewed the Battalion's warehouse area and Inventory Control Data computation.

On 23 September General W. C. WESTMORELAND, COMUSMACV, visited KHE SANH Combat Base.

Fighting holes had excellent coverage of stream also found 1 fighting hole 75 meters S.W. of bunker on west bank of stream. Appeared to be squad sized harbor site. Area camouflaged to prevent sighting from air. Also found trail markers throughout the area made from split bamboo. All pointed east with one stick across the top pointing north. Trail also marked with notched trees and diagonal cuts on bark. Also found 2 BA30 type batteries of foreign made manufacture with green marker on top and a plug from a larger size battery (Approximately BA386) with voltage diagram in circular pattern on embossed pattern. Also found a "L" shaped bunker 5x5x3 approximately 125 meters from harbor site. Bunkers had a 3' layer of logs on top with 2' of dirt on top of that. Bamboo used in construction was still green. Bunkers were located on east side of stream bed. Area was searched out with negative results. Batteries will be returned to CP/S-2. Bunkers will be destroyed.	S/F/M/R

# 1. SUMMARY OF ENEMY SITUATION.

a. Recent enemy activity within the AO has been limited to what appears to be a reconnaissance effort, with the sightings of up to squad size elements. There have been no recent significant contacts. However, in the past, the enemy has used Hill 689 as an observation post and a position from which to mortar and rocket KHE SANH Combat Base. There are numerous harbor sites and fortified positions throughout the AO. (See Appendix (1)).

b. The enemy has the capability of taking the offensive or defending with up to a battalion in the AO.

c. There have been reports that a VC/NVA unit of 300 men, with headquarters located in the vicinity of XD 531468, has started movement to effect liaison and carry supplies to NVA units in the northwestern portion of the 26th Marines TAOR. Rendezvous is scheduled for 15-17 September 1967, in the vicinity of LANG HOAN TAP (XD 765418). Following delivery of supplies, the supply unit will return to LAOS. It is reported that this activity occurs monthly, about the same date each month. Route of movement from LAOS into SVN is from XD 531468 to XD 610330 to XD 665289 to XD 695314 to XD 715350 to XD 724365 to XD 736418. Mines and anti-helicopter bamboo stakes are located at XD 690306, XD 698292, XD 702282, and XD 741315.

# 2. ESSENTIAL ELEMENTS OF INFORMATION.

## a. ENEMY FORCES.

- (1) Determine the capability of the enemy to defend Hill 689.  
If so, with what size force.
- (2) Determine if the enemy has built any new emplacements in the AO. If so, report the location, nature, and extent of defensive installations and presence or absence of obstacles protecting these.

## b. TERRAIN.

- (1) General. Report any significant errors or omissions in maps.  
Report presence of obstacles to movement by foot.

1. SUMMARY OF ENEMY SITUATION.

a. Recent enemy activity within the AO has been limited to what appears to be reconnaissance effort, with the sightings of up to squad size elements. There have been no recent significant contacts. However, in the past, the enemy has used Hill 689 as an observation post and a position from which to mortar and rocket KHE SANH Combat Base. There are numerous harbor sites and fortified positions throughout the AO. (See Appendix (1) (Enemy Sightings and Positions Overlay)).

b. The enemy has the capability of taking the offensive or defending with up to a battalion in the AO.

c. There have been reports that a VC/NVA unit of 300 men, with headquarters located in the vicinity of XD 531468, has started movement to effect liaison and carry supplies to NVA units in the northwestern portion of the 26th Marines TAOR. Rendezvous was scheduled for 15-17 September 1967, in the vicinity of LANG HOAN TAP (XD 765418). Following delivery of supplies, the supply units will return to LAOS. It is reported that this activity occurs monthly, about the same date each month. Route of movement from LAOS into SVN is from XD 531468 to XD 610330 to XD 665289 to XD 695314 to XD 695314 to XD 715350 to XD 724365 to XD 736418.

d. We have been receiving continuous information that strongly indicates an enemy attack on the Special Forces camp at LANG VEI, probably sometime from the 25th to 30th of September. If this attack does occur, we should expect a diversionary attack on the KHE SANH Combat Base. There have been increasing enemy reconnaissance efforts to the north of KHE SANH. A reported NVA Company operating in the vicinity of XD 874367 may have the mission of mortaring HUONG HOA District Headquarters and the CAC Compound at KHE SANH, and interdicting the road between KHE SANH Combat Base and KHE SANH village. An interrogation report revealed the following information concerning the LANG VEI attack:

- (1) VC to assemble at XD 804373 within 24 hours of attack.
- (2) At 2400 hours many sapper teams would begin cutting defensive wires.
- (3) Supporting fire to begin at 0100 hours.
