## S-2 CHRONOLOGY

1. Significant Events. There were no significant enemy events during this period in the Battalion TAOR.

2. New Developments. No new developments were noted during the period.

3. Problem Areas.

a. Shortage of interpreters hampers the units of this Battalion, particularly in the areas of civic action/ civil affairs, the CAC platoons and routine daily contacts between units in the field and civilian population. It is felt that the minimum number of interpreters required by an infantry battalion is nine (9). The ideal would be sufficient numbers to allow assignment of one (1) interpreter to each platoon and Company Commander (4 per Co.) and three (3) to the Battalion CP.

4. Weather. The maximum high temperature recorded during the period was 93 degrees. The minimum low recorded was 74 degrees. The weather had no effect on operations during the period.

5. Intelligence Summary.

a. There was a total of 37 VC initiated incidents during the period, consisting of:

- (1) 15 Mining incidents
- (2) 18 Small Arms incidents
- (3) 4 Incidents of grenades being thrown

b. There was a marked increase in VC initiated incidents during August. Total number of VC initiated incidents for the month of August was 93 compared to 79 in July. VC initiated incidents for the month of August consisted of:

- (1) 59 Mining incidents, compared to 36 during July.
- (2) 28 Small Arms incidents, compared to 32 during July.
- (3) 4 Incidents of grenades being thrown.
