1. General. The intelligence Section, under the supervision of the Assistant Chief of Staff, G-2, provided intelligence support to the Commanding General and his staff. Accomplishments of sub-sections and teams are as follows:

a. The Combat Intelligence section collected intelligence information from U. S. Marine Corps, U. S. Army, GVN and ARVN sources. This information was processed, evaluated and disseminated in daily intelligence summaries. The section also prepared and presented daily briefings and manned the Combat Operation Center watch. Combat Intelligence personnel conducted liaison visits with Headquarters, 5th Marines; 1st Battalion, 5th Marines; 3rd Battalion, 5th Marines; 3rd Battalion, 7th Marines; and the Sector Intelligence Advisor, Tam Ky. The section also assisted in the planning and execution of Operation BOONE (1 April - 7 April).

b. Aerial Observer Unit.

(1) The Aerial Observer Unit assigned to the G-2 Section flew 69 sorties for a total of 153.1 hours. The Air Observers assigned to the First Field Artillery Group flew 24 sorties for a total of 50.8 hours. In conjunction with the normal visual reconnaissance mission, the following missions were performed:

(3) The U. S. Marine Corps observation aircraft received S/A or A/W fire on seven different occasions.

(4) The Air Observation Unit provided support for Operation DESOTO (terminated 7 April), Operation BOONE (1 - 7 April) and several reconnaissance team inserts and emergency extracts.

c. The Photo/Imagery Interpretation Unit continued to support units of Task Force X-Ray with aerial photograph. The unit also produced overlays of HLZ's, roads, trails, bridges, trafficability, enemy situations, defenses and installations in support of unit operations. During the month of April a total of 3 requests for aerial photo missions were submitted to III MAF. Of the three requests submitted, two were completed and one cancelled by this command.

d. During this reporting period the 9th Interrogation-Translation Team processed 119 detainees at the Chu Lai Collection Point with disposition as follows:

2. Enemy

a. Enemy activity in the TAOR was generally light during April, consisting mostly of harrassing small arms fire, use of anti-personnel mines and the mining of communication routes. An exception was the mortar attack of 12 April on the Chu Lai complex. The enemy also initiated several acts of terrorism against the civil populace.

b. Outside the TAOR, there were no known major shifts of enemy forces. Enemy activities were confined almost exclusively to harrassing mortar attacks on ARVN and PF outposts. Several RD patrols were also attacked.

c. Operation DESOTO terminated 7 April. Cumulative enemy losses were 383 KIA (C), 716 KIA (P) and 213 detainees apprehended.

d. On 7 April a PF platoon was attacked and driven from a bridge at BS 685658. The VC then blew the bridge.

3. Weather and Terrain. During the first 26 days of April there was a total of 2.58 inches of rain with 9 days of measurable precipitation and 5 days with a trace of rain. The maximum temperature was 99.0 degrees and the minimum temperature was 72.0 degrees. Visibility was below minimums for visual flying conditions 6.7% of the time.

ORGANIZATION AND OPERATIONS
NARRATIVE SUMMARY

There were numerous changes in the organization of Task Force X-Ray culminating in its deactivation at 261200H APRIL 1967. The reinforcement of III MAF with a provisional Army Division termed "Task Force Oregon" replaced Task Force X-Ray's responsibility at Chu Lai. With minor exceptions OPCON of Task Force X-Ray units was passed to CG First Mar Div for employment in the Danang TAOR.

Operation Desoto was terminated at 071200H APRIL 67. Cumulative Casualties were: VC: 383 KIA, 716 KIA (PROB), 117 WIA (PROB), 213 Detainees. USMC: 69 KIA, 556 WIA, 6 DOW. USN: 7 KIA, 17 WIA.

The 5th Mar Hqs controlled the 1st Bn (-) (Rein) 7th Mar in Operation Boone (1-7 APRIL). A coordinated operation with 2nd ARVN Division, and 2nd Bde ROKMC participating. A trilateral CP was established and a single FSC controlled all supporting arms. The final objective was the Batangan Peninsula. Enemy losses were: 56 VC KIA and 66 Detainees as opposed to 2 USMC KIA, 1 DOW and 60 WIA; USN 1 KIA.

Golden Fleece Operations were planned; however only Golden Fleece 5-8 was executed. The Execution of Plan Oregon precluded additional Golden Fleece Operations.

On 25 APRIL the 5th Mar (-) (Rein) assumed control of Operation Union. Companies from the 5th Mar had been participating since 21 APRIL.

Task Force X-Ray also conducted numerous company size and smaller operations throughout TAOR and RZ.

SECRETTRAINING

During the month of April, Task Force X-Ray acted as coordinating agency in processing school quotas between units of this organization and the 1st Marine Division (Rein), FMF. In so doing the effective use of formal schools in the fields of technical and administrative training was achieved.

SECRET

"SECRET"COMBINED ACTION COMPANY PROGRAM

During the month of April the Combined Action Company Program involved 227 Marines, 11 Navy Corpsmen and 487 Vietnamese Popular Forces. In addition, one company headquarters and two platoons were activated. Operational control of Combined Action Platoons (CAPs) L-11 and L-13 passed to elements of the 196th Light Infantry Brigade, USA, effective 101200. Operational control of CAPs L-1, L-2, L-3, L-4 and L-5 passed to elements of the 196th Light Infantry Brigade, USA, effective 131530. Operational Control of CAPs I-1, I-2, I-3, K-4 and M-1 passed to elements of the 196th Light Infantry Brigade, Task Force Oregon, USA, effective 221540. Operational control of CAPs I-4, I-5 and I-6 passed to elements of the 1st Marine Division (Rein), FMF effective 261200, and then to elements of the 196th Light Infantry Brigade, Task Force Oregon, USA, effective 301200. Operational control of the Company Headquarters of CAC-K and CAC-L passed to the Chu Lai Installation Coordinator effective 261200, and of CAC-I to elements of the 1st Marine Division (Rein), FMF effective 261200, and then to the Chu Lai Installation Coordinator effective 301200. In all cases administrative control passed from Sub Unit 2, Headquarters Company, Headquarters Battalion (Rein), 1st Marine Division (Rein), FMF, to 7th Communication Battalion, FMF, effective 281300.

The fifteen Combined Action Platoons conducted a total of 1530 patrols, ambushes and other small unit operations in order to enhance the security of assigned hamlet and village areas. These operations accounted for 4 VC KIA (Conf), 5 VC KIA (Prob), 1 VC WIA (Conf) and 62 Detainees.

The Combined Action Platoons continued to gather intelligence information and to conduct limited civic action programs within assigned hamlets and villages.

A detailed summary of activities, operations, and significant contacts are contained in Chu Lai Installation Coordinator message 030111Z May, the monthly CAC report for April 1967.

"SECRET"

SECRETLOGISTICS

During the reporting period, the major logistic effort of Task Force X-Ray was directed toward deploying separate battalions and the Seventh Marine Regiment from Chu Lai.

40 C-130 aircraft were used to move 2 platoons of 1st Recon Bn and assault elements of the 7th Marines for a total of 2782 personnel and 23,500 lbs of cargo during the period 10-13 April 1967.

From 11-26 April, 23 LST's and 1 LSD were used to transport 3025 personnel and 8803 tons of cargo by sea.

Initial support to arriving army units included providing meals, transportation, limited billeting, and construction of immediately required storage and billeting facilities.

From 9-14 April, 351 C-130 flights lifted 3500 troops and 4000 tons of cargo into Chu Lai.

Turn over of facilities to US Army troops necessitated physical inventory of in place assets for memorandum receipt purposes.

SECRET

SECRETCIVIL AFFAIRS/CIVIC ACTION

1. The redeployment of the Task Force X-Ray units to Danang TAOR beginning 10 April 1967 and the disbanding of Task Force X-Ray on 26 April 1967 greatly curtailed the MEDCAP/DENTCAP Program. However 15,532 people were medically assisted and 637 received dental treatments. The total persons assisted amounted to 16,591.

2. The Garden Project Program continued with the distribution of seeds and garden implements on 7 April 1967 to 40 families in Khuong Nhon Hamlet, Ky Khuong Village, Ly Tin District. This project was undertaken after consultation with the OCO Representative for Agriculture, Quang Tin Province and the Khuong Nhon Hamlet Chief.

SECRET

SECRETPSYCHOLOGICAL OPERATIONS

During the month of April psychological operations were carried out against all known and suspected VC/NVA targets within the Task Force areas of operation. Assistance was rendered the Vietnamese informational services in the form of newspapers and magazines to aid their psychological program. A special tape was made at the request of 2nd Battalion, 7th Marines to advise the population of air strikes and artillery missions. Information and photographs necessary for leaflets were obtained from a rallier in Duc Pho for exploitation in that area. One VC mining incident and one act of VC terrorism was also exploited during the month.

A total of 7,098,000 leaflets were dropped and 14 hours of aerial broadcast were accomplished during the month. Through the 25th April 1967 25 VC have returned to the GVN.

SECRET

SECRET**COMMUNICATIONS**

Lieutenant Colonel Edward FORD, USA, Signal Officer, Task Force OREGON, visited Task Force XRAY for the purpose of advance planning for the establishment of communications for Operation OREGON.

Task Force OREGON advance party arrived and commenced establishment of communications for OREGON Headquarters. Task Force XRAY CEO and Staff provided all available assistance to coordinate this continuing effort.

Colonel Sandford B. HUNT, III MAF CEO, and Colonel E. P. CLAUDE, 1st Marine Division CEO, visited Task Force XRAY for the purpose of orienting new III MAF CEO to facilities and situation in Chu Lai area.

A Communication Security Specialist from Sub Unit #1, 1st Radio Battalion, visited Task Force XRAY units for the purpose of giving instruction on Communication Security. Approximately 450 personnel from 16 units were instructed.

During the reporting period construction continued on the Chu Lai site of the Integrated Wideband Communications System.

Construction continued on the Building for the Chu Lai Dial Central Office.

Improvement, replacement, and additions continued during this reporting period on the existing telephone/teletype Cable System in Chu Lai.

During this reporting period the Commanding General's Inspection of all 1st Marine Division Units in Chu Lai continued. Units inspected during this reporting period were 3d Battalion, 5th Marines, 3d Amtrac Battalion, 1st Recon Battalion, 2d Battalion, 11th Marines, and 7th Communication Battalion.

With the completion of installation of the Task Force OREGON Communication System, responsibility for tactical communications within OREGON areas of responsibility was shifted to Task Force OREGON. During the transition phase, communications means and agencies were shared on a cooperative basis.

Task Force XRAY was deactivated, and all communication tasks and responsibilities were reassigned to the Chu Lai Installation Coordinator, 7th Communication Battalion, and Task Force OREGON, as appropriate. The telephone system, communication center facilities, systems control agencies and certain tactical radio facilities continue in joint usage.

SECRET

SECRET**PART III****SEQUENTIAL LISTING OF SIGNIFICANT EVENTS****PERSONNEL AND ADMINISTRATION**

1. The execution of Operation Oregon required a major turnover of personal service activities and functions to the Oregon Division. The incompatibility of Marine Corps and Army T/O's and systems presented temporary difficulty in efficient assumption of responsibility by the Army. The Army was not equipped or manned to assume postal service, the exchange system or clubs system as these services were previously organized. In each instance Marine personnel or equipment was left in place temporarily until the Army could duplicate these assets or substitute the system with another.
2. The withdrawal of 1st Marine Division assets from the Chu Lai area necessitated redistribution of military police support from tenant units in the Chu Lai Installation. The turnover of the POW Compound was effected smoothly by the early phase-in of Army MP's. Marine Corps prisoners at the Collection Point were forwarded to the III MAF Brig permitting early closure of that activity.
3. A major effort was made to place civilian employees with incoming Army units that were previously employed by departing Marine Corps units.
4. Task Force X-Ray was deactivated at noon on 26 April 1967. By 1 May, Sub Unit #2, which had carried the supporting headquarters personnel, was deactivated and some 850 officers and enlisted personnel were reassigned to other 1st Marine Division units, the majority going to the 1st, 5th and 7th Marine Regiments. Personnel who were to man the remaining Chu Lai Installation Coordinator staff were taken from the assets of Task Force X-Ray staff and reassigned to the 7th Communications Battalion which provided administrative support. Likewise, approximately 200 officers and men assigned to CAC's were reassigned to 7th Communications Battalion for administrative support, their operational mission in the Chu Lai TAOR remaining unchanged.

SECRET

SECRETENEMY ACTIVITY

070015H. An unknown number of VC attacked the PF's guarding the bridge at BS 685658. The PFs were driven from the bridge which was then blown by the VC. The bridge was completely destroyed and impassible.

120035H. The Chu Lai complex received an estimated 120 rounds of 82mm mortar fire and an unknown number of S/A and RPG-2 rounds. The mortar fire was apparently received from 2-82mm mortars placed 50 meters apart in the vicinity of BT 573029. MAG-13 received 71 rounds which landed on the runways. The casualties were 2 USAF KIA, 4 USAF WIA, 4 USMC WIA, 53 USA WIA. One USAF C-130 was damaged and several US Army vehicles sustained heavy tire damage. The bulk fuel line received two breaks and the TAFD filter unit received light fragmentation damage. The 196th Light Infantry Brigade received 30 rounds which landed in an unoccupied area. There was no damage. Tower #51 Chu Lai Defense Command received 20 rounds in vicinity. One tower was damaged and there was minor damage to adjacent bunkers. Reaction forces, (B/1/5 and F Troop 17th CAV) swept areas in the vicinity of the suspected mortar positions. Ten 82mm mortar rounds, 16 Chicom fuze boxes, fuze plugs, safety pins, packing material and propaganda leaflets were found in one of the suspect areas.

- (b) The second bde to be deployed, 199th Inf Bde, will occupy and secure positions in the southern part of the TAOR; be prepared to occupy and secure positions in the northern part of the TAOR; and be prepared to provide one battalion to secure the AOR of the CHU LAI Defense Command.
- (c) The third bde to be deployed, 1st Bde, 101st Abn Div, will occupy the CHU LAI Defense Command using one battalion. The bde (-) will be prepared to occupy and secure positions in the DUC PHO AO relieving USMC units in place or to conduct operations anywhere in the southern I Corps Tactical Zone (ICTZ).
- (d) The concept of operations for a four bde force, including the 173rd Abn Bde, is identical to that of a three bde force except that the third bde deployed will be prepared to move to the DUC PHO area (being prepared to leave a battalion in the CHU LAI Defense Command TAOR) while the fourth bde is deployed; 173rd Abn Bde will occupy and secure the CHU LAI Defense Command AOR and be prepared to conduct operations anywhere in southern ICTZ.
- (3) CG 3d Mar Div receives OPCON and employs an Infantry Regiment (-) (Rein) and plans for employment of an additional Infantry Regiment (Rein) from assets currently assigned 1st Mar Div.
- (4) CG FMAW continues to maintain control over and operate the airfield and ancillary facilities at Chu Lai and Ky Ha helicopter facility ensuring that sufficient helicopter assets are maintained at Ky Ha to provide support for 2nd Bde, ROKMC.
- (5) CG FLC retains at least a task organized unit at Chu Lai to provide necessary support to 2nd Bde ROKMC, RMK and III MAF units remaining at Chu Lai area. Additionally provide such other support as required.

c. Assumptions.

- (1) That deployment of the provisional division to ICTZ will be on a contingency basis.
- (2) TAOR and RZ remain basically unchanged.
- (3) Upon execution of plan and relief of 3d Bn, (Rein), 7th Mar OPCON of that battalion passes to 7th Mar.
- (4) TF X-Ray infantry assets are five infantry battalions under OPCON of two Regt Hqs at the time the plan is executed.

SECRET

- (5) Btry A (Rein), 2d Bn, 94th FA remains in place and continues general support missions in Chu Lai TAOR. Passes OPCON to the Prov Div when directed by CG TF X-Ray.
- (6) Air, sea and overland transportation for movement from Chu Lai to Danang is available to support the preferred deployment plan by TF X-Ray.
- (7) That deployment of TF X-Ray away from Chu Lai will be for a period of approximately 60 to 120 days.
- (8) That CAC personnel will remain in Chu Lai TAOR during the deployment of TF X-Ray.
- (9) That designated members of TF X-Ray staff will remain at Chu Lai to form the Chu Lai Installation Coordinator's staff.
- (10) That elements of Sub-Unit #2, Hq Co, Hq Bn, 1st Mar Div remain at Chu Lai to perform administrative responsibilities for the Chu Lai Installation Coordinator and to command the 1st Mar Div rear echelon.

2. MISSION. Task Force X-Ray conducts phased relief of currently assigned forces in Quang Tin and Quang Ngai Provinces by Prov Div. On order relinquishes responsibility for assigned missions currently being performed in Quang Tin and Quang Ngai Provinces. When relieved and on order, OPCON one infantry regiment (-) (Rein) passes to CG 1st Mar Div. When relieved and on order, OPCON one infantry regiment (Rein) passes to CG 1st Mar Div for further deployment elsewhere. When relieved and on order, pass OPCON one CI Team to CG, FMAW. When relieved and on order, move Headquarters TF X-Ray to Danang TAOR for reassignment by CG 1st Mar Div.

3. EXECUTION

a. Concept of Operation. Prov Div deploys by sea and air to the objective area vicinity Chu Lai, I Corps Tactical Zone; reports to OPCON of CG III MAF on arrival at Chu Lai; progressively relieves elements of TF X-Ray in the Chu Lai area. CG TF X-Ray deploys relieved elements by echelon as directed by CG 1st Mar Div. CG Prov Div assumes responsibility for the Chu Lai TAOR at time mutually agreeable to CG Prov Div and CG TF X-Ray and when directed by CG III MAF. The phasing out of units subsequent to relief by TF Oregon by priority is as follows:

- (1) 5th Marines
- (2) 7th Marines
- (3) CLDG
- (4) 3d Bn, 7th Marines
- (5) 1st FAG
