PART IINARRATIVE SUMMARY

The beginning of USMC involvement in the Republic of Vietnam was marked by the introduction of a single helicopter squadron in April of 1962. Ten years and many volumes of military history later, Marine aviation remains "on the job". Units of the First Marine Aircraft Wing deployed at NAS Cubi Point, RPI; Bien Hoa, RVN; Nam Phong, Thailand; and aboard 7th Fleet ships in the Gulf of Tonkin, marked December 1972 still actively involved in the war in Indochina.

BIEN HOA AB, RVN

During 1486 combat sorties in December, the pilots of MAG-12(FWD) at Bien Hoa AB were credited with 446 confirmed enemy KBA, 265 secondary explosions and 47 sustained fires. Operating in Military Regions 3 and 4 of RVN, and in Cambodia, the A-4 flyers logged 2118 flight hours and accounted for 256 fortified positions, 233 structures and 327 bunkers destroyed.

In the early morning hours of 3, 14 and 15 December, enemy 122MM rocket attacks harassed the MAG-12(FWD) Marines. No personnel were injured or aircraft damaged during any of the three brief 5 to 17 round barrages that struck the air base.

NAM PHONG AB, THAILAND

For the Marines of Task Force Delta and MAG-15, December was highlighted by the presentation of the Bob Hope Christmas Show at Nam Phong. On 23 December, from a stage constructed on the north edge of the cantonment area, Bob Hope and his very attractive troupe presented a two hour show of comedy, dance, and song. Since this was to be his last annual Christmas tour to U.S. bases overseas, at the conclusion of the show the Marines rose in unison and sang "Auld Lang Syne" to Mr. Hope to show their appreciation and say "thanks for the memories".

In combat operations from Nam Phong, the F-4 squadrons of MAG-15 were utilized primarily in an air-to-ground role in support of ARVN forces in Military Regions 1 and 2 in RVN. When bombing north of the 20th parallel of NVN was resumed from 18 to 29 December, the VMFA-115 and VMFA-232 F-4's were again further tasked with Barrier

SECRET

Combat Air Patrol (BARCAP) missions in support of 7th/13th AF "Linebacker" strikes. The Marine "Phantoms" had previously been used in the fighter-cover role over Northern Laos and Western NVN from July through October.

Throughout December the MAG-15 A-6 aircraft of VMA(AW)-533 continued their night systems interdiction missions in the Route Package I region of NVN and Steel Tiger area of Laos. On one such single plane sortie on 27 December, an "Intruder" disappeared. Extensive SAR efforts proved futile, and the pilot, Captain R. J. CHAPMAN and B/N 1st Lieutenant R. W. FORRESTER are listed as missing in action.

The December statistics for MAG-15 show 931 combat sorties flown for 1665 flight hours. Bomb damage assessments credit the Nam Phong aircrews with 5 confirmed KBA, 18 trucks destroyed, 67 bunkers destroyed, 104 secondary explosions and 32 sustained fires.

The CH-46 helicopters of the H&MS-36 Detachment recovered the 7 man crew of a battle damaged B-52 which crashed 12 miles southeast of Nam Phong on 18 December. The crew members, two of whom had sustained minor injuries, were flown directly to Udorn AB, Thailand. Marine security personnel were helo-lifted to the crash scene to secure the site until an Air Force security and investigation team arrived.

At 0100H on 20 December another battle damaged B-52 returning from a mission over NVN diverted to Nam Phong. The bomber landed without incident, but temporarily closed the field for operation since no ground support equipment at the base was large enough to tow the heavy aircraft clear. It was not until 0400H that the plane could be moved from the runway onto the parallel taxiway under its own power.

NAS CUBI POINT, RPI

During December, the VMCJ Detachment based at NAS Cubi Point, RPI, continued its electronic countermeasures support of the 7th Fleet air operations against NVN. The Marine EA-6 aircraft, flying orbits over the Gulf of Tonkin, again aimed their electronic jamming antennas inland to degrade and neutralize the enemy's radar capabilities used for the guidance of AAA and SAM missiles. After 18 December, when bombing was resumed north of the 20th parallel of NVN, the VMCJ Detachment was tasked for the protection of Navy strike and reconnaissance

SECRET

flights primarily in the vicinity of Haiphong Harbor.

The EA-6's were called upon by the Air Force during the latter part of the month to assist in protecting the B-52 flights attacking the Hanoi/Haiphong area. The Marine Corps electronic warfare arsenal contained the only equipment capable of countering new "I" band radar being used by the North Vietnamese.

On 29 December, an EA-6 crashed shortly after take-off from Cubi Point enroute to Danang. The crew, experiencing major control problems, ejected successfully into the water near Subic Bay. The pilot, with minor injuries, was rescued by a Navy SAR helicopter; the EWO, uninjured, was recovered by a launch from USS Ogden.

GULF OF TONKIN

Between 12 and 20 December the Cobra helicopters of HMA-369 conducted their fifth Marine Hunter Killer (MARHUK) line period near Hon La anchorage NVN. Flying from the deck of USS Dubuque, the attack helicopter pilots performed their surveillance and interdiction mission during hours of darkness under flare illumination provided by naval gun fire. Numerous floating bags of supplies were noted and routinely sunk, but waterborne logistic craft activity was again negligible. Fire from coastal defenses in the Hon La area was also notably less as compared with previous line periods.

Embarked aboard USS New Orleans, the composite helicopter squadron of HMM-164 served as the aviation component for 33rd MAU contingencies in SEAsia from 15-18 December. Port calls at Taiwan, Okinawa, Subic Bay, Hong Kong and a three day Zamax amphibious landing exercise in the Philippines rounded out the month's activities for the helicopter unit.

The sister squadron of HMM-164, HMM-165, concentrated primarily on special operations training during December at Subic Bay. After a Christmas port call in Singapore, HMM-165 embarked aboard USS Inchon, assumed the 72 hour contingency posture with the 33rd MAU in the Gulf of Tonkin on 31 December.

HMM-463 was chopped OpCon from the First Marine Brigade to the First MAF, on 7 December. The CH-53 helicopter squadron was deployed to NAS Cubi Point, RPI from MCAS Kaneohe Bay, Hawaii, during November for special operations contingencies.
