Today's resupply of AN HOA troops was marked by a considerable lack of coordination between the ground units. No less than three units told me that they were not ready for, and would not accept, resupply. This was after the working birds had picked up their externals and brought them out to the ~~off~~ field. We therefore, had to go back to the LSA and drop the loads and pick up others. One unit was supplied with hot chow (LYNCH LAW FOXTROT) and had it in their zone when they called us back to retrieve it, saying it wasn't for them. Not 15 minutes later the LSA told us they wanted us to take the hot chow back. When we did I asked the radio operator what was the problem. He said his C.O. had ordered it taken back, and also requested that it be returned. This is especially aggravating in view of the fact that the company is located less than 2000 meters from An Hoa and they could have walked into A.H. for hot chow. This unit could be resupplied easily, by ground.

While working for Post 211 on ROK resupply
 we were advised of a ^(DE 216, C-3) Naval Gunfire support plane
 which Post 14 said was not under his control.

Post 14 was unable to effect a check fire upon request.
 Post 14 later advised us that the fire was in check.
 While operating in close proximity to the impact area
 and transiting the gun-target line, the fire was resumed
 without warning not only endangering aircraft in the area
 but making operating in the Laotian Rebel area extremely tedious
 due to the additional time required to safely transit
 the area clear of the fire.
