2. Highlights of the month. The following data is taken from the daily SITREPS.

Throughout the month of June, VMO-2 has supported operation "Pipe-stone Canyon." Our AH-1G's have escorted resupply and med-evac aircraft and also were available for fire suppression when necessary. The Cobra's and OV-10A's were credited with several KBA's while working with this operation. The OV-10A's major role in the operation is that of controlling airstrikes and artillery missions on known and suspected enemy positions. The OV-10's also conducted numerous visual reconnaissance missions for the units involved.

During the period from 17-20 June, VMO-2 aircraft supported the 1st Force Recon Battalion on a deep recon operation. Four teams were inserted deep on the western limits of our area of operation. Shortly afterwards the teams had to be emergency extracted. It was necessary for our OV-10's to control numerous airstrikes before and during the extracts. The teams were surrounded by the enemy but with the combined efforts of our OV-10's and Cobra's, the teams were extracted with a minimum of casualties.

3. The following BDA was credited to the squadron for the month of June:

- a. OV-10A KIA(Conf) 23
Boats Destroyed: 2
- b. AH-1G KIA(Conf) 9
