NARRATIVE SUMMARY
PART II

Enclosure (1)

CONFIDENTIAL

CONFIDENTIAL3:JBL:RHM
03A24770PART II
NARRATIVE SUMMARY

1. During August, VMO-2 contributed 679 combat sorties for a total of 1487.0 flight hours to 1st Marine Aircraft Wing operations. The squadron's FAC(A)'s controlled 300 flights of fixed-wing aircraft resulting in an aggregate BDA of 48 bunkers destroyed, 45 structures destroyed, 6 caves destroyed, 25 secondary explosions, 29 secondary fires, 3 KBMA, and 33 landing zone preparations.

Fifty-seven deep reconnaissance missions were flown for the 1st Marine Aircraft Wing, involving the control of 33 flights of fixed-wing air strikes on suspected base camps, supply routes and lines of communication.

The squadron provided invaluable support to elements of the 1st Reconnaissance Battalion. On 3 August, Hostage Six (LtCol MORTARTY), Hostage Stud (Capt GOODWIN) and Hostage Trapper (1stLt LINDBERG) joined forces in support of team "Serviceman", which had been discovered by an enemy force and were subsequently subjected to intense enemy fire. Hostage aircraft located an HLZ and for a period of five hours provided suppressive fire and directions to the team until the Marines were extracted at 1900 by helicopters under extremely adverse weather conditions and heavy enemy opposition.

9 August found Hostage Junkman (Maj CARLSON) called to the aid of team "Serviceman", which was at one point surrounded by a numerically superior force of NVA troops with dogs. The proximity of the friendlies to the enemy negated the possibility of utilizing fixed-wing airstrikes, but Hostage Junkman provided accurate suppressive fire with his CV-10A ordnance until relieved by Hostage Eagle (1stLt HUDSON). Continuous deliverance of onboard ordnance enabled the beleaguered team to break contact and proceed towards an HLZ. One flight of fixed-wing air was controlled by Eagle on the enemy positions, until relieved by Hostage Colt (1stLt COLT), who provided suppressive fire and utilized one fixed-wing airstrike in rapidly deteriorating weather conditions until the team was safely ensconced in the HLZ. Hostage Bulldog (Capt SWEENEY) then relieved COLT, controlled one flight of attack aircraft on the enemy position, and directed the helicopters into the team, resulting in a successful extraction.

Hostage Bravo (Capt SABIA) was supporting team "Razor Blade" on 30 August, which was moving towards an HLZ with three injured Marines when they were ambushed by a numerically superior enemy force. Hostage Bravo located the friendly and enemy positions and with the aid of Hostage Blue (Maj OLSEN) and Hostage Smoke (Maj MORRIS), began delivering suppressive fire while all aircraft received enemy fire in return. As the helicopter extraction package arrived, Hostage Blue relieved Bravo and a successful extraction was accomplished despite the enemy opposition.

There were several untoward incidents in the squadron's mission of supporting the more conventional ground units of the ROKMC, ARVN, U. S. Army, and USMC. On 5 August, Golf Company 2/5 came under heavy enemy fire and suffered three casualties. A Hostage aircraft was requested when it became evident that a medical evacuation would be impossible without air support due to the heavy volume of enemy fire. Hostage Stud (Capt GOODWIN) subsequently directed a flight of A-4's onto the enemy positions, after which the medical evacuation was conducted without incident.

On 9 August, Grizzly Grips received heavy mortar and rocket fire on their position west of Thuong Duc, and requested support. Hostage Colt (1stLt COLT) located one enemy active mortar site and subsequently silenced it by directing a flight of F-4's on the position.

Hostage Hornet (1stLt HUNT) provided cover for the tactical withdrawal of Date Palm H/3 on 20 August, who had been pinned down in an "L" shaped ambush. Hornet fired onboard ordnance within 25 meters of the Marine units until three wounded Marines could be safely removed from the fire-swept area. When the unit was finally able to move 200 meters from the determined enemy, Hornet directed an airstrike on the enemy, suppressing the enemy fire enough that a medical evacuation could be conducted by helicopter. Hostage Bravo (Capt SABIA) relieved Hornet and managed to check all enemy opposition with onboard ordnance and further airstrikes.

On 31 August, Hostage P. J. (Capt JONES) supported the largest 7th Marines sweep of 1970 by conducting the HLZ preparation utilizing 12 separate flights of attack aircraft. Numerous secondary fires and explosions resulted, and the professional air support and direction was instrumental in ensuring that all insertions into the zones were performed without incident.
