teeth. We arrived with supplies + he wasn't sure he wanted them. Then he threw out smoke + told us not to land. Finally did clear us to land + popped another smoke 50 meters AWAY from first smoke. H-46's landed + I took fire 200 meters from zone, but since Ruggles could not or would not (one is as bad as the other) give me troop dispositions I could not return it.

This was the worse resupply I have ever seen, and some day the troops will suffer because the Air Officer has not done his homework. I almost decided to take the supplies back to the LSA + go home.

then the 1st someone began using demolitions within 200 meters of the drop zone, causing great consternation among the troops on the ground + especially among the pilots in the air. They were told to stop but 10 minutes later another blast went off. I was very close + could feel the concussion.
