OPERATIONAL DISCREPANCIES

CIRCUMFERENCE KILO 2 HAD THE MOST MESSED UP
L2 CONTROL RADIO I HAVE EVER SEEN, AFTER 40 MINUTES
AND 15 RADIO TRANSMISSIONS TO GIVE DIRECTIONS TO
HUET GUNSHIP "KILO" STILL WOULD NOT GIVE
DIRECTIONS, BURNED HAYSTACK FINALLY TO LOCATE
ZONE DUE TO NO SMOKE WITH GROUND
TROOPS

The 7-0 flight for the early part of the night TADR sweep launched out on the sweep at 2025. Contact was made with Landshark and Blackwell 14. Blackwell 14 had night H&I fire from the 2 NM arc ch. 94 outward and would not put them in checkfire for a rocket belt sweep. Computation 14 was contacted and they had H&I fire from the 6 NM arc outward. At this time due to bad weather the only area that could be worked was from 230° to 290° radial 6 NM range tower. Landshark and Bourne were notified and 7-0 flight returned to MM4F at 2230. at 2249 the 70 flight was scrambled to Cote Myrtle 14 position at 207/14 NM for boat traffic on river. No fire wing available due to weather so 70 flight was instructed to take boats under fire. Light observed in village also taken under fire after clearance instructions from Cote Myrtle 14 and Casandra 14. The weather was marginal, FM radio from Cote Myrtle 14 very weak. Except for these factors and MCA aircraft limited for gunship support the mission went smoothly.

Went back into area for two times total.
Expended all ordnance each time.
