MISSION NO 12-1117 IN SUPPORT OF II MAF DATE 18 Jan 1967

Due to the time of day & poor wx conditions plus the emergency condition in the zone it was suggested by Mr. Hendrix that he lead one 46 with one UH1E with a second UH1E keeping the other 2 aircraft in sight but remaining well clear to follow. A-35s were turned up and ready for T.O. were requested to hold by Houdike until needed for SAR which they did. While in route Bonnie Sue 7-1 was briefed on a left hand approach for landing 090° and for a T.O. of 000 degrees. Visibility down 1/4 mile due to darkness and fog and rain. Overcast about 300'. Bonnie Sue 7-1 was briefed to fly close and directly behind the lead UH1E into the zone. Mountain extended up into overcast to the front and right of the LZ. Landing in total darkness by 7-1 and an almost immediate T.O. with the rescue team was made.
