NARRATIVE SUMMARY (BY OPERATION IF APPLICABLE)

SW-97-11 ran several flights of air in support of Early Flower, a recon team, while SW-99-1&2 effected an emergency extract. The extract bird was Cattlecall 5. Cattlecall 5 remained in a very hot zone for a long period of time to allow the team to move to the only possible landing site and even that site was extremely poor. The superb shooting of OV-10's and UH-1E's permitted a successful extract without any bird being hit. Without the volume of accurate suppressive fire delivered by SW-4 & 13 and 99-1&2 and the superior flying ability of Cattlecall 5 the extract would have surely commanded a high price in lives and machinery.
