 To: Commanding Officer, Marine Wing Headquarters Group-1

Subj: Command Chronology

Ref: (a) GruO 5750.1

Encl: (1) Organizational Data and Chronological List of Events for 1 through 31 December 1966.

1. During the month of December 1966, Air Defense Controllers from Marine Air Control Squadron-7 aided 1471 aircraft with inflight following, executed 224 Ground Control Intercept/Control Approach Handoffs, and reported 359 tracks to PANAMA, all of which were identified as friendly. MACS-7 also assisted with 1698 parrot checks. In this same period MACS-7's Detachment "A" aided 48 aircraft with inflight following, performed 6 Ground Control Intercept/Ground Control Approach Handoffs and reported 183 tracks to PANAMA, all of which were identified as friendly. Detachment "A" assisted with 1 parrot check. In exercising the Air Defense System of Chu Lai, Marine Air Control Squadron-7 Controllers handled 62 faker runs in conjunction with the 2nd Light <sup>Anti-</sup>Air Missile Battalion. These runs were made by Marine Air Group-12 and Marine Air Group-13. Aircraft from the United States Air Force accounted for 8 of 39 practice Ground Controlled Intercepts. Aircraft from Marine Air Group-13 were utilized for the remainder. The results of these GCI's were 34 simulated splashes. Marine Air Control Squadron-7 assisted with 2 emergencies and Detachment "A" assisted with 1 emergency. The Tactical Air Operations Center's primary function in each case was coordination, dissemination of information to the appropriate agencies, and the actual control of rescue and res-cap aircraft when necessitated. MACS-7 also participated in ADEX3-66 between the hours of 0900 and 1400 on 25 December 1966. During this exercise 57 tracks were reported to PANAMA, all of which were designated as friendly. MACS-7 received 1 practice raid from PANAMA. The intercept was broken off at 25 miles and handed over to the 2nd Light Anti-Air Missile Battalion. Controllers from MACS-7 also vectored several itinerant aircraft on 5 faker runs in conjunction with the 2nd Light-Air Missile Battalion. MACS-7 controlled a total of three combat air patrols during the ADEX period.

2. RADAR During the month of December very little trouble was experienced from equipment located within the Tactical Air Operations Center. Power was a continual problem which in turn caused numerous radar failures.

MACS-7

Ground Chronology

Dec 1966

~~CONFIDENTIAL~~

In mid-December the AN/UPS-1 Serial Number A88 went down as a result of a bad transmitter sub-assembly. A new pedestal leg was installed on the AN/TPS-34 and pedestal support was reinforced by stretching steel cables between 3 fixed points. In addition the antenna of the AN/TPS-34 was showed up and tested in accordance with **CFC** regulations. By 29 December the AN/TPS-34 was operational, but remained in a down status due to lack of power.

3. UTILITIES Camp construction progressed at a rapid rate during the month of December. Constructed were a generator shed, an office and parts room for the generator shed and a motor transport office and parts room. In addition a pipeline was laid to improve the water supply system for drinking and for the showers.

4. CIVIC ACTION MACS-7's medical team administered to the normal medical needs of the village of Trung Toan. During the 31 day period an average of 10 people per day were treated. In addition, MACS-7 donated a basketball to the Trung Toan school. On 30 December MACS-7 received 50 kilograms of Guatemalan corn seed from the USAID representative at Tam Ky for a proposed MACS-7 agricultural program in Trung Toan. Measures are now being initiated to prepare for the April planting season. The USAID representative, MACS-7's Civic Action Officer, and two Army Civic Action officers, toured the hamlet of Trung Toan.
