Subj: Civil Affairs Programs for November 1967

1. Explanation of Current Program: During the month of November many changes took place in MAG-11 Civil Affairs. The Civil Affairs Officer of the previous eight (8) months, Captain L. W. CHRISTIANSEN was replaced by Captain C. P. COCHRAN, the former officer's accomplishments were duly rewarded by a dinner party given in his honor by Mr. MVA, the Hamlet Chief of Ap Mot. The party included a seven course Vietnamese dinner, a feast in every respect. The second change was a switch in the focal point of MAG-11 Civil Affairs from Ap Mot Hamlet to a new and very needy hamlet named Le Son. There are still several projects in the offing in Ap Mot, but Le Son is a hamlet of 300 destitute people that were relocated from their homes to what is called a "peace hamlet". This hamlet sits atop a sand hill and is protected by a Company of ARVN soldiers from the 51st ARVN Regiment. Up until a very short time ago these people lived in VC controlled areas. The children have never been to school, have no hygiene, and many people are in need of medical attention.

2. Projects Underway in Ap Mot:

- a. Six (6) houses under construction (wood, tin, cement)
- b. Plans drawn and submitted for an improved market place with a well and a hand pump
- c. Union building across road from Sicovina Textile Factory under consideration
- d. Public shower in Cao Dai area completed. Hand pump and shower being used at present time
- e. A 40 horsepower irrigation pump with hoses was delivered to Cao Dai area and stored in a suitable warehouse for use during the dry season
- f. Police Headquarters barracks completed and in use

3. Projects Underway in Le Son:

- a. Presently there is a two room brick school house under construction. The work is being done jointly by the ARVN soldiers and the civilians from the village. 5000 bricks plus wood and cement were obtained by the team.
- b. Farm kits, mason kits and carpenter kits were loaned to the Hamlet Chief.

Appendix-10

c. A Hamlet Headquarters building plus a doctors house is being built adjacent to the school. Wood is being used for construction.

d. A MEDCAP has been arranged through MAG-11 twice a week.

e. Six hundred sandbags have been delivered to the ARVN Company Commander to bolster his defenses of the Hamlet.

4. Coordination:

a. On Wednesday, 29 November at 1300, a meeting of all the Squadron Civil Affairs Officers was held and it was decided that each Squadron would, on separate days, delegate a group of interested NCO's and Officers to go out to Le Son and look around. It is desired that each Squadron have a separate project for "Tet". The tours were made and each Squadron had good participation. H&MS-11 already has a tentative project underway. The other Squadrons will soon follow.

b. Much help has also been given to the Le Son project by the CAO, 5th Marine Regiment, CO, 51st ARVN Battalion, MACV Advisor for the 51st ARVN Battalion and the CORDS agent for Hoa Cupng District. According to each of these gentlemen, this hamlet has long been neglected and are very grateful that MAG-11 can help. As far as this officer is concerned, Le Son is a model hamlet for a Civil Affairs Team to concentrate their full force on.
