Subj: Command Chronology for March 1968

1. During the month of March the Civil Affairs team of Marine Aircraft Group 11 received responsibility to rehabilitate one of the hardest hit hamlets during the Tet offensive in Quang Nam Province. It is the hamlet of Lo Giang, about two miles southeast of Danang Air Base. During the Tet offensive, the hamlet was completely destroyed, and during one period was occupied by 400 NVA and VC soldiers. Lo Giang had a population of nearly 2,000, a beautiful five room school house, and was a "new life" hamlet of beautiful proportions. The school was destroyed by 750 pound bombs and the VC burned all the houses. Many enemy trenches are still visible and the Combined Action Platoon fortress was completely overrun. Presently the people are living in shacks in the rice paddies adjacent to the hamlet. The Revolutionary Development cadre in the area is helping to rebuild the houses, while Marine Aircraft Group 11 is rebuilding the five room school, a new temple (the old one destroyed), and the village Headquarters Building.

2. Also, the new Sicovina Trade Union Building was dedicated and the corner stone laid. Marine Aircraft Group 11 has provided most of the materials for this building, which will give some 1,500 workers of the Sicovina Textile Plant an opportunity to express themselves in a Democratic way. All the Sicovina Officials and Hoa Vang District Officials thanked Marine Aircraft Group 11, as this is the first trade union building north of Saigon.

3. In Le Son Hamlet, $6\frac{1}{2}$ miles south of Danang, a carpenter was hired to complete the school furniture for the recently completed two room brick school house.

MEMORANDUM

From: Commanding Officer
To: All Marine Aircraft Group 11 Personnel
Subj: Use of Marijuana

1. An all hands effort requiring the cooperation of all Marine Aircraft Group-11 Marines is going to be required to eliminate a problem which is surfacing in our cantonment. Undoubtedly, past indoctrination lectures have not been effective enough to reach all Marine Aircraft Group-11 Marines and impress them with the seriousness of offenses involving use or possession of marijuana.
2. Our enemy has recognized the degrading effects of this narcotic and its easy availability in the Far East. They have made a determined effort to make sure that supplies can be easily obtained near American installations. They hope to undercut American effectiveness, weaken our moral structure, and reduce our combat effectiveness by appealing to the normal pleasure-seeking instincts of the young American serviceman.
3. Unfortunately too many of our Marines have already willingly added their names to the "Sucker List" without fully realizing the seriousness of their actions. Since the majority of Marines do have high moral standards, do desire to be at their best on their jobs every day of their tours, and do realize the weakening and degrading effects of marijuana, it is up to the majority to help in the elimination program.
4. Dedicated hard working members of the finest fighting organization in the world today cannot allow their Corps' reputation to be tarnished, its combat effectiveness reduced, by the irresponsible actions of a few misguided and immature individuals whose moral character is such that they require closer supervision and guidance. It is the direct responsibility of all responsible Marines to assist in policing the irresponsible minority which would participate in the degrading practice of using narcotics for a cheap and fleeting vicarious experience. How can Marines help? By reporting known or suspected violators to cognizant NCO's and Officers to ensure early apprehension of offenders. By reporting possible sources so they can be eliminated. By making sure that newly arriving personnel are aware that:
 - (a) Use or possession of marijuana is a serious court-martial offense.
 - (b) Those convicted of narcotics offenses are subject to severe penalties and termination of their security clearances is required.

Appendix-12

Appendix 12

5. It is the duty of all ranks to ensure that our younger and less experienced Marines are fully indoctrinated as to the serious and permanent nature of the offense involved in use of marijuana. Once a marijuana offense is recorded it becomes part of a Marine's permanent record. All security clearances are cancelled. Loss of a security clearance as a Marine can mean loss of that same clearance in a civilian job since civilian clearances are based on military records. In summary narcotics conviction on an individual's record can never be fully removed or "lived down". As an ex-convict is always an ex-convict, so is a narcotics offender branded for life.

6. I request the assistance of all hands to eliminate the very small minority who through ignorance and weakness threaten our war effort as well as our hard earned American image as a nation with high standards of decency. Those privileged to represent a country which is carrying the burden of world leadership must assume the responsibility entailed- AND WE ARE A WORLD LEADING NATION.
