1. December offered a variety of weather which complicated our Civil Affairs program. During rainy periods, the team worked in liaison with other units and performed in-compound tasks. Much of the liaison effort was in conjunction with the 1st MAW Civil Affairs Office.
2. The brick construction on the new Lo Giang school is completed now and work will soon begin on the roof. All necessary materials are available and progress should be steady with the arrival of favorable weather. The roof of the old school was repaired. It had been damaged during a recent wind storm.
3. The large shipment of fish finally arrived during this month. The pond was stocked amid much excitement generated by the people. This has been an outstanding project from start to finish. Many other local civic action teams are awaiting the outcome of this project and successful results are virtually assured now. The fish are doing extremely well, no loss whatsoever.
4. Some terrorism occurred in an adjoining hamlet but ours has remained unaffected. The village chief did receive two threats from the Viet Cong to discontinue work on the new school. Both threats have seemingly been disregarded as the people continue to push forward.
5. The resident members of the MAG-11 Civil Affairs team are no longer living in the hamlet. The CAP unit in Lo Giang has gone mobile and their living compound destroyed. It became necessary to discontinue this resident idea for security purposes. However, our program will not be affected during or after this transition.
