Subj: Command Chronology for February 1969

1. February was a month of contrasts ranging from the gaiety of TET parties to increased enemy activity in our hamlet. In many ways, a successful month, and in some ways, quite destructive. All of our major programs were advanced and apparently unhurt by the new offensive.

2. Prior to the arrival of TET, a school party was held for the children and was very successful. MAG-11 contributed the refreshments and were treated in return. The people in the hamlet were very warm and gracious to us. Also, a private party was given for the team and was much appreciated.

3. During the offensive, 27 homes in Lo Giang were damaged by the various air attacks in our area. An estimated 500 NVA had entered the hamlet and occupied many of these homes since all of the hamlet population had fled. Our livestock programs were preserved because the people actually took the animals with them, (rabbits, pigs, and ducks). There was a considerable quantity of rice lost to the NVA but this could not be helped. The MAG-11 team has already been in the hamlet several times to assess the damage and to plan for the needed repairs. A quantity of rice was purchased by MAG-11 for distribution to those families in particular need. Only small 2 pound sacks will be given out to preclude any chance of helping the NVA should they return.

4. The local CAP unit did well for themselves as they accounted for 27 dead and captured 3 prisoners. The CAP officer is showing considerable interest in MAG-11 projects and has requested assistance from us in helping them start a rabbit program and construct a fish pond. We are pleased to cooperate. Such interest guarantees the continuation and expansion of these projects and helps to assure their longevity and our ultimate goal.
