Subj: Command Chronology, month of April 1969

1. During the month of April, the MAG-11 civil affairs team has been quite effective in gaining the confidence and respect of the people in our area. This is illustrated by the amount of intelligence information gained and by the fact that the C/A team has been invited to attend Vietnamese weddings, parties, etc.
2. The civil affairs team of MAG-11 is now working more in the personal response area of civil affairs instead of supplying material to the Vietnamese people. Rather than giving the people money and material, we are forcing them to open GVN supply channels that are available, but which have been rarely used. This method is slower than would be if we supplied money and material but I believe it will pay big dividends in the future, particularly if the U. S. forces pull out of Viet Nam.
3. The MAG-11 chaplains in coordination with the MAG-11 civil affairs office took approximately sixteen Marines on a tour of DaNang city, and schools and orphanages in the area. Many of the Marines had never been off base. The trip was informative and enjoyed by all. More such activities are planned.
4. A civilian by the name of Mr. BAKER, who has raised quite a bit of money for Marine Corps charity funds, visited Lo Giang, and was impressed with the projects that have been instituted and the people's standard of living.
5. MAG-11 has run medcaps every week this month. Medcaps will continue on a weekly basis.
6. Projects in Lo Giang are all going well with the exception of the high mortality rate in new born rabbits. Cause of death is believed to result from excessive noise factor of overflying jets. Cotton is now being placed in the ears of new litters to try and alleviate the problem.
