INTELLIGENCE CHRONOLOGY1. SIGNIFICANT ACTIVITIES

a. Four orientation briefs for newly arrived aircrew members were conducted during the month. These briefs included information on: SAR, SERE, Survival Tips, Lessons Learned, Intelligence Briefing Procedures and information on the current situation.

b. During the month the S-2 made staff liaison visits to ACofS G-2 III MAF, FMAW and the 366th Tactical Fighter Wing.

2. OPERATIONAL INTELLIGENCE

a. During the month of August the Intelligence Section prepared maps and mission briefs for 458 Steel Tiger missions and 866 In Country missions. Mission planning included map preparation, enemy situation, target description, search and rescue procedures, anti-aircraft, ELINT and SAM Order of Battle. The scope of this planning was expanded by the continued commitment of MAG-11 aircraft.

b. A total of 1324 missions were debriefed in addition to numerous "Hot Pad" scrambles and test hops. A large number of these missions were in direct support of the following operations: Georgia Tar, Idaho Canyon, Campbell Streamer, Brave Armada, Louisiana Lee, Cumberland Thunder, Allington Canyon, Iroquois Glove, Mighty Play, Pipestone Canyon, Victory Dragon XIV and Iron Mountain.

c. Reported significant BDA in air operations against Communist Forces in Vietnam during the month of August are as follows:

- (1) 280 structures of various construction destroyed
- (2) 244 bunkers of various construction destroyed
- (3) 119 secondary explosions
- (4) 143 secondary fires
- (5) 153 KBMA
- (6) 3 trucks destroyed
- (7) 3 trucks damaged

d. The Intelligence Section continued to brief the Commanding Officer, Group Staff Officers and Squadron Commanders on a daily basis.

e. The Intelligence Section continued to compile the G-2 Brief Summary on a daily basis.

Subj: Command Chronology, Month of August 1969

1. The month of August was both successful and frustrating for the Civil Affairs team. In the intangible realm of overall pacification, there were small but definite signs that the hamlets of Lo Giang and Tang Lam are truly under the control of the GVN. There were no military incidents in the village during the month despite several challenges to the VC through our own "psyops." This, of course, can be reversed by one successful act of terrorism. We were pleased to have the opportunity to show our new Commanding Officer, Colonel N. E. HEFFERNAN, our area of responsibility and to provide a first hand brief on our efforts in the area. A new man, LCpl W. L. HODGES, was assigned to the team after being transferred from the Civil Affairs team at MAG-16 and is proving to be a valuable addition to this unit. The lack of the team's vehicle, which has been deadlined for over half the month and the ARVN interpreter being on B&R led to most of our frustration in attempting to carry on an organized daily routine and to maintain the ability to react to changing conditions.
2. We have been placing a greater emphasis on our psychological operations. This includes the distribution of newspapers three times a week on an individual basis, preventative medicine leaflets at med camps, and reaction flyers which deal with propaganda of a local nature. On 7 August a VC meeting was held in the village which we learned of through the village chairman. Within a week we distributed a flyer refuting the lies propagated at the meeting. Pictures were taken of the Civil Affairs NCOIC, Village Chairman and the GAP Commander, to be included on a flyer to be distributed during the first part of September. This will once again challenge the lies that the Americans are to have left by 7 September. It also asks what the VC have done for the people compared to what the GVN is trying to do to improve their lives.
3. Our chicken coup has been completed with the exceptions of the roof. All the materials which we felt the people would have difficulty obtaining were bought on the Vietnamese market. By doing this we know how much the people must pay and know any difficulties they may encounter. The chickens are now scheduled to arrive on 15 September. The local people have seemed curious as to what the team is doing and this is developing the type of curiosity we have hoped for in the project.

APPENDIX 9

OL:GS:gs
9 Sep 1969

4. Arrangements have been through the Navy Supply yard to acquire unuseable telephone poles for basic supports for a bridge between Lo Giang and Co Man. The project, however, appears to be bogged down on the Vietnamese side. Efforts are being made through the American Advisers at District to insure that this project will be approved by the GVN. We will refuse to participate in this project unless GVN can supply half of the materials and the majority of labor. If this is a success there are several other small foot bridges which could possible be developed in a similiar method.

5. MAG-11 is continuing with one of its most successful projects, providing English teachers to the Tin Lahn school in Danang City. This program was developed through the Chaplain's Office through its contacts with the missionaries. Three times each week, twelve teachers from MAG-11 teach approximately 125 students. The general atmosphere of a school provides the best structure for self-help programs. This has been found to be true in the Peace Corps also.

6. Our Med Caps have also continued to be successful. The Med Caps were cancelled once for security and once because of weather. But on one day, over 150 children were inoculated for plague. Arrangements are being made to move the Med Cap to an location closer to Tung Lam. Flyers are being printed to publicize the new location. Subtle hints are being dropped to encourage the local government to train people in basic health care to serve the village when American forces leave.

7. Stealing is a difficult subject to handle with the Vietnamese. In an incident in which a case of flares was stolen from our jeep, the team apprehended the two Vietnamese military persons responsible. I sent to District headquarters for an officer to take disciplinary action. I felt that his reaction to the situation was poor and related the incident in a letter to the District Chief. A formal letter of apology has been received and possibly in some small way we will be a little closer in understanding on such matters in the future.

8. Two tours of Danang City have been held during the month and two Personnel Response schools were given. This has given approximately 100 Marines from MAG-11 a chance to come into more favorable contact with Vietnamese citizens and also give them some direct knowledge of the country for which they are fighting.

9. The G-5 section at FLC was visited in hopes of finding projects in which enthusiastic Marines from the squadrons could participate in Civic Action projects. Unfortunately their situation is much the same as ours. The nature of our self help programs for the most part prohibits work by Americans on projects which require GVN materials and Vietnamese labor.

01:GS:gs
9 Sep 1969

10. Several small incidents which represent similiar areas that happen almost daily should be listed. Toward the end of the month several older Vietnamese citizens have asked us for rides when our vehicle was passing through their village. This is new, especially from the elders. Perhaps it indicates a new and closer relationship between the American people. On one occasion the team passed a heavily loaded cart that had tipped off the road in the mud. After righting the cart the teamhelped push it to the road. On several occasions Vietnamese vehicles have become stuck along the muddy roads and the team has pushed them out. In all of these incidents the warmth of the peoples gratitude has been amazing. In one case the team members were thanked by the people they had helped in the middle of the busy Hoa Vong Market. Such outward signs of emotion are unusual for the Vietnamese people.
