Subj: Command Chronology, Month of November 1969

1. The month of November was not a good month for chickens - at least not for our Civil Affairs Team. Of the 115 chickens left at the start of the month only 37 were left at the end. The objective of demonstrating new methods to be used to realize profits from raising chickens can not be met. Plans to produce information describing these methods have been cancelled. It is felt that too much emphasis was placed on insuring that locally available materials and a Vietnamese farmer were used. This was done to insure that Vietnamese could raise chickens in a similar way without our help. However, this was done to detriment of the overall project success. Much experience has been gained and a similar project will be attempted with a local agricultural club.
2. Serious problems with the villagers attitudes towards Civil Affairs have come to the surface through meetings with the village leaders. It appears that they still expect us to provide materials for various projects without attempting to use GVN resources. This is a complicated problem which is being considered at District.
3. The Med-Cap Program found November to be one of its most successful months. Over 300 patients were treated in 4 Med-Caps throughout the village.
4. Attempts to complete the removal of barbed wire surrounding an old american compound continued. The roads are at times impassable and this effects the progress.
5. A trip was made to Hoi An, the Province capital to meet with the R. D. Cadre Advisor. It was found that plans are being made to place 3, 10-man teams in Hoa Da Village after the beginning of the year. Since their mission will be similar to ours, close coordination is being planned.

6. A one day "Psychological Operations" school was attended in Da Nang. The school was excellent and a heavier emphasis will be placed on "Psy Ops" in the coming months with attention being placed on cooperation with Vietnamese information specialists.

7. The Personal Response School was held twice for 80 incoming MAG-11 personnel. Unfortunately an order cancelling DaNang City Tours from III MAF was received. Action has been taken to request the reinstatement of such tours, because they have been of definite benefit from a personal response point of view and were also enjoyed by all who attended.
