Republic of South Vietnam as a part of the 1st Marine Aircraft Wing and the III Marine Amphibious Force. MAG-11 Squadron flew a combined total of 1,943 sorties logging 3,754.6 hours and expending 4,266.6 tons of ordnance in support of the following operations: Geneva Park, Fredrick Hill, Iron Mountain, Nantucket Beach, Green River, Texas Star, Pennsylvania Square, Elk Canyon, Pickens Forest, Chicago Park, Wolfe Mountain, and Clinch Valley. July 1970 saw the end of VM CJ-1's five year tour in the Republic of South Vietnam as the Squadron was rotated out-of-country as part of the phase IV troop reductions. VMA-311 joined MAG-11 in the latter half of the month making MAG-11 once again the most complex Marine Air Group in the Marine Corps.

Subj: Command Chronology for the month of July

1. The month of July was relatively quiet in Hoa Da Village for both Civil Affairs and enemy activity. There are many plans for new activities being discussed with the village officials. However, because of the uncertainty of the present status of the Civil Affairs program, projects have not progressed any further than discussion. The commencement of the new chicken projects for Tung Lam hamlet has been delayed another month. During the month, meetings with the village officials were held once a week. During these meetings, projects were discussed but any long term projects were tactfully put off. The MAG-11 Civil Affairs team personnel was drastically reduced in this last month. At present, the team is in great need of personnel if it is to operate effectively.
2. The school in Lo Giang that was hit by artillery several months ago has finally been repaired. The school is restored to its original condition. MAG-11 Civil Affairs supplied the materials and the pay for the laborers in completing the task. This could not have been done without cooperation of 1st Marine Division Civil Affairs in supplying us with cement. The villagers realize that the incident was one of the misfortunes of war and greatly appreciated our aid.
3. The Hamlet "Co MAN" requested aid in building a primary school. This section of the hamlet is composed mostly of refugees and they are located quite a ways from the other schools in the Village. Normally such a request would have been turned over to District to go through the proper channels. However, because the hamlet is composed largely of refugees who moved in on their own accord to escape the harrassment of the Viet Cong the need for a school is now. They cannot afford to wait the months it will take for the GVN to supply them. The Village Chief is aware of the project. The RD Cadre are partly responsible for instigating it. With these considerations MAG-11 is supplying material for the school building. The school is not a large construction and mostly scrap materials will be used. Already the frame and roof have been constructed.
4. Med CAPS were held four times this past month. About 450 patients were treated throughout Hoa Da. The Med CAP program has been a tremendous success in Hoa Da Village both in upgrading the health standards of the villagers and as a means of psychological warfare.

5. Personal Response school was held twice this past month for 243 incoming marines. Because of the large number of incoming marines and the understaffed Civil Affairs team, the tours in the village were postponed to a later date. At the beginning of August, the tours to the village will be given to those who missed it in July. In August, Personal Response will be held once a week until the numbers of incoming marines has been cut back to allow village tours to be carried out safely.
