From: Civil Affairs/Personal Response Officer  
To: Commanding Officer, Marine Aircraft Group 11  
Subj: Command Chronology for the month of August

1. Hoa Da Village saw another quiet month for Civil Affairs activity. No new developments occurred in Hoa Da in the past month. The Civil Affairs program is presently undertaking several large changes. The de-escalation of war has taken its toll on the composite units of the First Marine Air Wing. Many units are pulling out of Vietnam. These units belonging to the 1st MAW also had Civil Affairs programs underway. Rather than discard the efforts of these other units in so vital an area as the "Pacification Program" MAG-11 will operate in the areas of Headquarters Group and MAG-18 besides its own area of operation. In order to accomplish this conglomerate of Civil Affairs activities personnel and equipment from these other Civil Affairs teams must be transferred to MAG-11 Civil Affairs. This is presently being undertaken. Some internal problems have arisen, as to be expected, but these are minor problems and should be smoothed out very soon. Civil Affairs should soon continue at its normal pace.

2. MAG-11 Chicken Projects did not fare so well this past month. The chicken project on the southern road of Lo Giang Hamlet was completely annihilated by New Castle Disease. The disease is caused by a highly contagious virus. In three days the entire flock of chickens was wiped out. There is now a vaccine developed in Vietnam for the strain of New Castle peculiar to this country. This vaccine must be administered when the chickens are very young. The reliability of the medicine is not known. It is available in DaNang now and if future projects are undertaken, it will be used. The farmer in charge of this project is very much interested in acquiring more chickens and starting over again. The project on the northern road of Lo Giang is still doing very well. There are 85 chickens to date, this represents about 91% of the original flock. These chickens look very healthy and it is hoped they will not be exposed to the New Castle Disease.

3. The last of the materials for the completion of the school in Co Man were brought to the Hamlet Chief this month. The school was completed as proposed. This definitely improved relations for the marines throughout this area. The villagers, although never unfriendly, were in the past, cautious as though unsure of our motive. Now many signs of open friendliness towards marines are plainly visible throughout the Hamlet.

4. Med CAP's were held four times in the past month in the hamlets of Liem Lac, Co Man, and Tung Lam. About 400 patients were treated.

5. Personal Response Classes were held two times for 80 incoming marines. The lectures were scheduled 4 times this month because of the large increase in personnel. Two of the lectures were canceled because of poor attendance. Once again a memorandum has been forwarded to the squadrons of MAG-11 reminding them of the importance of these lectures. Attendance will improve.
