3. Highlights: MAG-11 A-6 and A-4 aircraft completed three sorties of night all weather CAS (CAS(AW)) in support of the 1st Marines in the Thoun Duc area, using one A-6's Beacon Bombing System. The three aircraft dropped 13 tons of 500 pound bombs. Weather in the target area was below minimums for any other type of CAS. Previous experiments with this system during the month of October show that it will enable MAG-11 aircraft to provide close air support during the Monsoon season anytime, anyplace within range of ground positioned Beacons.
