1. (U) In accordance with reference (a), the following report is submitted.

2. (C) Operations/Support 1-30 September 1972.

a. Marine Air Control Squadron-4 (MACS-4) continued to support operations in RVN by providing the SIA interface for air control data between F-4s aloft of the 7th Fleet and 7th Air Force Tactical Air Control Center. The Squadron is also providing an Air Defense Control Office to support the ADCC capability of the 7th Fleet in the Gulf of Tonkin. In Thailand, MACS-4 Air Defense Control Offices are stationed at the Air Force CRO at Udorn and at the CROs at Udon and Ratanak Kham. MACS-4 has experienced no significant changes since 31 August 1972 in the support provided for operations in RVN.

b. Marine Wing Communications Squadron-15 (MWCS-15) continued to support Task Force Delta by providing personnel and equipment (1 officer and 47 enlisted). A rotation plan for Com/1st Fleet personnel has been implemented to provide operational experience for a maximum number of individuals. During September, nine (9) Com/1st Fleet personnel were transferred by SAO orders to Marine Air Group-15 in support of this plan. The Communications-Central 15/150-15 deployed to Subi Point, Philippines, is now fully operational and is being utilized to provide communications between MACS-4 and MACS-13. Com/1st Fleet personnel assigned to this installation consist of 1 officer and 7 enlisted.

c. Headquarters and Headquarters Squadron-15 (HHS-15) provides for personnel in support of Task Force Delta as follows:
