On 6 May 1968, Lieutenant Colonel G. W. VAUGHAN and Major R. G. KROPP; Captain R. C. SPRINGER and Second Lieutenant S. R. MAJOR launched on a scheduled Close Air Support mission in support of the 27th Marines. Receiving their target from Cowpope 2, the flight directed their attack against a fortified village. Expending their ordnance of 6 D2A and 6 D9, the flight was credited with 12 structures destroyed and 3 damaged, 3 bunkers and 20 meters of trench line destroyed.

On 13 May 1968, Major J. I. HUDSON and Captain A. F. MARSHALL; Captain J. M. McENCROE and First Lieutenant R. E. HENRY launched from the Air-to-Ground Hot Pad as mission 516. Arriving on target, the flight was directed against a fortified village by Cowpope 12. Expending all their ordnance, 12 D1A and 6 D9, the mission accounted for 15 structures destroyed and 10 damaged, 20 meters of trench line destroyed, 3 bunkers destroyed, 1 KBMA (confirmed), and numerous secondary fires.

Part Three: Significant Events

1. Personnel. Two Naval Aviators, two Naval Flight Officers, and one ground officer were joined. One Naval Flight Officer and four Naval Aviators were transferred. There were four overseas extensions. Ninety-eight percent of the squadron participated in the Savings Bond Program.

2. Awards. Recommendations forwarded to higher authority included thirteen Air Medals, five Single Mission Air Medals, nine Distinguished Flying Crosses, one Bronze Star, one Navy Commendation Medal, one Navy

Achievement Medal and two Purple Hearts. Twenty Air Medals, three Navy Commendation Medals, two Navy Achievement Medals, and one Distinguished Flying Cross were received from higher authority.

3. Civil Action. During the reporting period, the ViFA-115 Civic Action Program was able to proceed on its pre-determined course of well cleaning. Two new land pumps were delivered, providing Long Phu II with two wells with hygenic water.

Maximum use was made of the villagers for assistance in well cleaning. In addition Mr True, the village chief, was able to supply a small gasoline-driven pump to extract the polluted water from the well.

The next project is the construction of a tank shower for use of the school children.
