NARRATIVE SUMMARY

1. 1 July - 15 August, VMGR-152/352 Det flew a total of 2245 missions, of which 2013 missions were in support of operations in the Republic of Viet Nam. During this period a total payload of 18,901,576 pounds and 43,112 passengers were transported. These totals are sub-divided as follows:

Division Cargo	13,548,677 lbs.
Division Passengers	29,828
Wing Cargo	3,675,851 lbs.
Wing Passengers	13,284
Total Mail	192,741 lbs.
Total Baggage	1,484,307 lbs.

An in-country detachment was continually maintained to provide the necessary aerial refueling, aerial delivery, logistical resupply, radio relay, and medical evacuation support for operations throughout the III MAF complex. This detachment consisted of the following numbers of aircraft: 1-3 July, three; 4-11 July, four; 12-15 July, eight; 16-18 July, six; 18-19 July, four; 20-26 July, five; 27-31 July, seven. A detachment aircraft was on a 15 minute emergency tanker standby at all times. A maintenance, supply, and operations detachment of 94 personnel was provided at Danang by VMGR-152 to coordinate in-country operations and reduce aircraft "turn-around time" to a minimum.
