First mission coordinates were given as BS 480-945. These were changed at Quang Nai to 470 952 by USA Lt. Nielsen. Passenger load out of 470 952 was actually 10 people. Remainder of that hop went as briefed.

2nd mission showed a lack of coordination at Quang Nai. No one knew anything about the mission that lunch room base had assigned to 11-0 over the air. Passengers did show after 45 minute wait and were carried to Hagia BS 330 600.
