MISSION ORDER NO. 1005/2 DATE 22 Nov 62

Narrative (Include times, names and coordinates, pax, evacs, cargo, VIP games, change of aircraft or crews, etc.)
 Took off Da Nang with two (2) UH-34D's to pick up WIA's at Kham Duc and An Hoa. Received call enroute stating that WIA's at An Hoa had already been evacuated by vehicle. Proceeded toward Kham Duc but due to low clouds and reduced visibility the flight was forced to abort the mission until the weather improved. Shortly after executing a 180° turn, I received a burst from an automatic weapon at close range in the vicinity of ZC125280. Received a call from base advising that there were additional WIA's at AT822262. While enroute to this location the flight received fire from AT800295. The flight arrived at AT822262 and picked up two WIA's at approximately 0930. The pick up zone was engaged in a fire fight at time of pick up. Returned evacs to Da Nang Hospital, refueled and proceeded to Kham Duc and picked up the five wounded at 1019. Returned same to Da Nang Hospital at 1042 without further incident.
