19 NARRATIVE SUMMARY: ATD 0635 ATR 0850

MMAF to Liberty Bridge picked up USMC 116T for VR of area to drop HTW in. Object was to drop HTW on Rice seedling to destroy them. HTW was not effective on the plots as made too small to hit accurately. Out of 8 individual drops only 2 were in the plantings & one was a dud. (There were three duds total out of 8). It told me that he had used detonator cord effectively to destroy plantings.
