Two 46's went down for mechanical failures in an unsecure zone (ZC027314) and were on the ground approximately 3 hours. During this time fixed wing was used on suspected enemy positions and positions around the zone from which 13-0 & 13-2 took fire. LT Geaslin ran the show with the fixed wing, 4 CH 46's and two sections of guns smoothly and professionally to complete the mission.
