After refueling at MMAF I returned to LZ 468 to await
 PAX pickup when a jeep with a USMC CAPT pulled
 into the LZ and told me a booky trap had caught
 some medivacs about 2 clicks up the road. I lifted
 found the PAX - set down in a rice paddy - 1 USMC
 enemy and 1 VN Civ for PAX or almost were put on board.
 I took them to 1ST MED - The VN Civ was dead on arrival.
 I then proceeded to the N. Artillery Containment where
 another medivac had been taken - there I picked
 up 1 VN Civ child & proceed to 1ST MED. Then
 I returned to LZ 468 - the General was not on board.

Swift medevac received 10 hits going into zone at BT046553 minor shrapnel injuries to HMC. Swift medevac chase returned to zone two other times for additional medevacs. Both Swift 1-1 and 1-2 did outstanding jobs on medevac 40C. Medevacs were in support of "Crew Cut Charlie" (ROK platoon) - there was quite a bit of confusion on the ground. We believed our suppressive fire N.W. of the zone initially as directed by Crew Cut Charlie - no communications with Swift Medevac.

Because comm lines were severed by small arms fire. After Swift medevac departed zone, Charlie changed direction of fire was received from to the East. We provided suppressive fire to the East during the following medevacs. A total of 601 medevacs were carried from zone.
