1. Datepalm authorized artellery to be fired from Baldy to the BT 002438 while resupply was going on at the AT 982432 and AT 989447. When asked why they authorized the fire, Datepalm -14 replied that it had been cleared through everyone (?). HDC said that they had denied the request to fire but apparently the ~~the~~ FSCC decided to go ahead and fire anyway.
