DTG OF DEBRIEF

REMARKS: At 0330H I observed what appeared to be three

large flashes (not followed by flames) about 10 miles north
 west of Da Nang. They appeared to occur at an altitude
 above 10,000'. I was at 20,000' and the apparent
 burst in slightly low. I was at 300/20 channel 37
 when several miles from the bursts. The bursts were in rapid succession and about
 30 miles away. Do not think they were impacts
 on deck.

REMARKS:

Was being controlled in run by Kinglear "B" when their gear went down. Orbed while Moorman tried to get mission with Kinglear A. When Moorman found out "A" was also down, I didn't have enough fuel to try for mission up north.

REMARKS:

Scrambled for Rescap of downed H-46 and told to contact RUC SAN TOWER. TWR gave us helo position but had no frequency for us to contact the other aircraft in area. Rescap mission completed after 15 min. on station. H-46 was destroyed in crash. Contacted Landmark "B" and was assigned a secondary CAS.

REMARKS:

Scramble Order received at 1912. A/B at 1925. Checked in with Joyride & Panama. Checked in with LandShark at 1927 to find that Rose ANN 34 had already completed his mission. No Secondaries available. I Believe that better coordination and control between controlling agencies would prevent useless Scrambles.
