REMARKS:

1. Bombed trees in open. Would have felt better bombing original tgt, road leading to ASHAV valley from Laos.

2. Reccd valley on return - nothing unusual noted. There are several wooden bridges crossing small culverts along the road. Dont know if they'd be worth the effort or not.

REMARKS:

The two D-6's with chemical long delay were placed 25 MTRS. onto a steep non-vegetated hillside - just above the bend in the road which was the desired cut point. A heavy dirt slide was caused by the second bomb. The detonation of these two bombs should cause a terrific land slide making the road impassible for travel for quite awhile.

REMARKS:

Coming of RB#575 we reced ASHAU valley and observed about 20 figures on a road near the old ASHAU camp walking NW. They appeared in greenish brown uniforms but it was impossible to tell if they carried any weapons. They scattered upon being overflown. Joyride diverted us to secondary mission with Annunciate 14.
