- d. Commanding Officer and Staff:

Commanding Officer	1-31 August 1967	MAJ M. H. SAUTTER
Executive Officer	1-31 August 1967	MAJ F. P. WILLIAMS
Administrative Officer	1-31 August 1967	MAJ R. PLANT

- e. Average Strength:

 Flight Surgeon: 1
 Marine Enlisted: 146

PART II (C) Significant Highlights:

- a. Personnel

(1) Aviator strength decreased with the departure of two (2) officers this month. The loss of fifty-five (55) enlisted personnel further depleted squadron assets. The remainder of squadron personnel were dropped on 31 August 1967.

(2) Eighteen (18) officers earned thirty-two (32) awards for service in Viet Nam. The squadron Commanding Officer was awarded the Distinguished Flying Cross by Major General ANDERSON (CG 1ST MAW) at a squadron formation on 30 August 1967. At this formation the squadron colors were cased as VMF(AW)-232 completed its combat tour.

b. Administration. The Administration Department prepared to close out all records due to squadron rotation to CONUS.

- c. Civil Affairs. N/A

- d. Morale and Welfare Program

(1) One (1) officer and eleven (11) enlisted men were assigned R & R quotas.

g. Intelligence and Counter-Intelligence

(1) The squadron intelligence officer conducted Condole Mission S-2 briefings from 1-30 August 1967, one other squadron officer conducted de-briefings during the same period.

h. Air Operations. As in the previous month, the overall number of assigned missions was reduced for the squadron. Enemy action resulted in no lost aircraft and consequently, did not affect the squadron sortie rate or the number of missions flown during August. The squadron air effort was primarily concerned with support of Marines in the northern I Corps area and along the DMZ. Close air support and direct air support in conjunction with night TPQ missions accounted for over 90% of the missions flown. As often as practicable aircraft returning from missions practiced in-flight refueling plug-ins in preparation for the anticipated trans pac of eleven aircraft to CONUS during early September. On 31 August ten (10) aircraft were ferried to NAS Cubi Point to pre-position them for the anticipated trans pac on 7 September 1967. At this date the trans pac aircraft are scheduled to arrive at NAS Miramar on 11 September 1967. The following is a statistical breakdown of August operations.

	<u>August</u>	<u>Since November 1966</u>
Total sorties	525	5785
Squadron pilots	470	
Non-squadron pilots	55	
Total hours	672.5	7272.8
Squadron pilots	598.5	
Non-squadron pilots	74.0	
Night hours	176.1	1583.4
Instrument hours	147.7	1160.9
Ordnance tonnage	709.2	6270.5

(1) Losses/Damages

(a) Two (2) aircraft sustained ECHO damage as a result of faulty LAU-35 Zuni rocket tubes.

i. Air Defense. N/A

(2) Aircraft Transfers

(a) Two (2) F8E's were transferred to the MOD Program at NAS Atsugi.
