10. NARRATIVE SUMMARY

My flight was held up on several occasions:  
① Resupply given for Jaxville 'H' with coordinates  
given as 195735 - we got there and the unit had just been lifted to  
125735. ② LSA gave us two loads for Southern M + a 60' sling to deliver  
to Southern K after we drop our loads plus pick up two loads  
from them. Turned out 'K' had no ext. to go back to yard and  
Southern is actual knew nothing about this change sheet.

11. INSTRUMENT APPROACHES

③ I had mission 302 to run at 1400 - we arrived at VCB LSA 1315  
and were going to take a load before going to 302. After  
waiting 20 minutes I decided to run the 302.

12. FLIGHT LEADER CAPT. CANADA SIGNATURE [Signature]

OPS DUTY OFFICER CAPT. MITCHELL SIGNATURE [Signature]

④ We waited 10 mins some time because of the back log  
of planes in the LSA waiting to get loads. The LSA some  
time did not have loads
