operational discrepancy on Back

DECLASSIFIED

5 MARCH 69

man # 35 - a section of CH-46's flew from ~~man~~ MAF to Hue Citadel airfield to pick up a Col. Seabough and 8 other par. We arrived at 1200 as the frag directed but there was no one there. We took off and circled the field several times looking for some sign of the Col's group. The lead aircraft landed again and spoke with an American in civilian clothes who had not seen any sign of such a group. After 20 minutes both aircraft departed the area. The trip wasted about 2 hours of flight time for the two CH-46's.

man # 34

This frag. said that HMAS Perth was located at BT 128 708. I arrived in the area at 1300 for the scheduled pickup of 2 par. The ship was ~~not~~ nowhere to be seen and I could not contact them on either assigned freq. I then went through Surinuous Base and eventually found that the ship was at ZC 1213. This meant that I had to return to the area off the Coast off Phu Bai from which I had just returned on man # 35. These 2 consecutive discrepancies cost about 3 hours of wasted flight time. Also it would help if the frag. could give the ship's location.
