REMARKS: Original scramble was for Viper 59 located 135° 7 mi Ch 37. After 10 minutes of orbit, Waterpipe cancelled his strike. He (Fac) said he had 20 V.C. hiding in the trees. Ground troops were going to be moved in to take control. Diverted to Prairie area. Last target in prairie was controlled by Sacred Kilo who had multitudes of problems contacting the ground [redacted] to pinpoint [redacted] m.g. nest. They couldn't get their "smokes" together.

REMARKS: Dream Hour 31 was assigned as airborne FAC. He appeared confused and unfamiliar with the area and troop disposition. When asked to mark he put his smoke 1000 m AWAY from TGT (SE) in friendly positions. Flt ldr refused mark. Second smoke equally bad. Flt ldr coordinated with Mother 14 and dropped ord. on tgt.

REMARKS: target was 3 gun positions arranged in a triangle approx 100 meters apart. first run was made with guns until the one position shooting was suppressed. then dropped down for napes. after two positions opened up. this procedure was repeated. As firing would subside napes would be made also the napes smoke

provided an excellent cover for subsequent runs. Coming in behind the smoke we did not receive fire until after the pull off. There were direct hits, both with guns and Napalm, on two of the positions yet were still receiving fire from all 3 positions when we departed.

It appeared that one position was the primary and the other two only fired for cover. The muzzle blasts were quite visible.
