(Pick up at YD 827152 took approximately
40 minutes. Zone was not identified
from 3 zones within 300 meters. Ladaman
in zone claimed to be up — made no
effort to signal aircraft with smoke —
which were popped when a/c 25 ft.
from landing. No contact at
drop point at all. Supposed to
be at ZD 098007, Nailbrush 14
finally had debrief made to
ZC 076985 due to low fuel
in aircraft. Poorest emergency
resupply ever encountered — took
almost a hrs. due to lack
of briefed communications.
Also zone briefed as secure —
Nailbrush 14 informed that landing at
ZD 098007 would draw mortar fire.
(This is not a secure zone.)

Operational comment.

Pick up your ⬤ area 3 miles from ⬤ Bai —
took almost one hr. to establish
communications. Unit could not
come up on pre-briefed frequency.
Had to relay through another station and
it took approximately 3 minutes for ea.
transmission to get through. Took
over ½ hour to establish this.
