Ms Fitzgerald,

I am writing in regards to the In Memory Plaque which is to be added to the VietNam Memorial in Washington.

My brother died of Agent Orange from VietNam in <sup>8-23-98</sup> August of 1998. He was being treated in the Veterans Hospital in Sturgis, South Dakota. The medical records specified the death was caused by Agent Orange.

<sup>1-24-49 army</sup> My brothers name is Randolph (Randy) J. Moch. My question, do you have him listed for your In Memory Plaque? If not, can his name be added?

Thank you for your time and the effort you have put forth.

Sincerely,

*M. Feyereisen*
