Read today 9 March 1999 in The Blade, Toledo, Ohio authored by Tom Wellman titled "Vietnam veteran's sister wants a square-yard more" about your efforts to have a plaque placed at the Wall to honor all those veterans who have died after the war.

As a vet that was stationed at Bien Hoa AFB in 1967 - 1968 I strongly support your efforts to honor those vets who have passed away after returning home. The cause, be it suicide, related injuries or conditions really does not matter. They served and should be honored for all to see. The plaque is the best way to do this, since we all became victims of the war.

Keep it up-and I support you efforts
