I have been trying to get help in honoring my brother who died in Vietnam. He is not listed on "The Wall" because the government says since he died in a hotel fire while on R.&R. that he was not a "war casualty". I was contacted by email by a group that was trying to help me with this matter. They are the ones that told me to contact your group and see if you could help. I would appreciate any help or thoughts you might have. This is and has been a great loss to me and I feel as though he was just lost and his death while still serving his country was ignored and does not matter. It matters to all of us who loved and knew him. We seek some form of recognition that he did matter so that we might also be able to try to heal some and to honor him as he should have been. His name was Willie Joe Mickle, and he was born 10-03-45 and he died on 07-02-67. He was in Malaysia at the time but was in the 186th engineer battalion in south Vietnam. His I.D. no. was U.S. He was born in Warrior, Alabama. I would love to hear back from you and appreciate your concern. Thank you. Ben E. Mickle
