I was surfing around and I would like to know how to add my father.

My father, Charles "CHUCK" Bruce Bryant, died from a self-inflicted wound to the head because he suffered from PTSD and I have a biography what he wrote I would love to post a picture of him on your site and when this memorial takes off I want him to be on it he was truly a "hidden" casualty of the war.

I could write more.

I am pretty good doing webpage and HTML if you need any help our volunteer work let me know!
