Thank you so much for contacting me with your support for S. 1921. It is an honor to serve you in the Senate and a privilege to respond to your concerns.

I am sorry to learn about the death of your father as a result of his service in Vietnam. Having recently lost both of my parents, I understand the sense of loss you must still feel. As an American citizen and father of three boys, I am eternally grateful for his service and sacrifice to defend the freedoms we enjoy today.

As you know, S. 1921 was introduced by Senator Ben Nighthorse Campbell (R-CO) to establish a plaque at the Vietnam Veterans Memorial to honor veterans who have died since the war, but as a result of their service in Vietnam. The bill has been referred to the Senate Committee on Natural Resources and is awaiting further action. Although I am not a member of this Committee, I am pleased to know of your support for this legislation and look forward its consideration during the 106th Congress.

Again, thank you so much for taking the time to contact me. I hope that you will continue to share your thoughts and concerns with me throughout my tenure in the Senate.

</XMP>
