Miracles do happen! Our  
family is blessed by my new  
granddaughter. She is Jason  
and Rosemary's daughter, and  
Jennie's new niece!

Shirley Barnes (author of "The War Cradle"), Lana Noone (author of "Global Mom: Notes From a Pioneer Adoptive Family"), Ross Meador (FCVN's Field Director during Operation Babylift), Ken Healy (pilot of World Airway's first adoptee evacuation flight), and Andrew Winterbottom (Babylift adoptee and United States Marine), participated in Texas Tech University's 4th Triennial Vietnam Symposium, April 11-13, 2002.

The Babylift Panel was moderated by Shirley Barnes, and was very well received by all those in attendance. This was an extraordinary opportunity to share the Babylift story with a very distinguished audience.

**This site stands as a testimony of human concern for others. In 1910, the Children's Hospital of Denver was established here in a Victorian mansion. Under President Gerald R. Ford's "Operation Babylift," 600 orphans of the Vietnam War found a haven at Continental Care Center in April 1975, before departing to homes that welcome them all over America.**

This plaque commemorates the location of Shirley Peck Barnes' Continental Care Center where 600 Babylift adoptees were cared for "en route" in April, 1975.
