

Parents -

12 OCT. 68

Things are getting a little more diverse here for me, tho no more interesting. About a week ago one of our troopers shot himself with his M-16 - it does quite a job on a leg. I had the investigation on it + just finished it today.

When a couple days ago one of our prisoners asked

- 2 -

me to help him fill out
some divorce papers. He's
19 & been married 3 years. He
didn't remember the birth
dates of his wife, or the
2 kids (he claims one), or
the wedding date. A real
loss.

My students in the
brig are doing pretty well -
have 5 working on correspon-
dence courses.

Got a letter from
Steve a while back. He
says you're still quilling

him on \$. Hang it up,
it won't do any good &
sounds like a broken
record to him. Just sit
back & watch. You'll
probably like the end result
much better than the
methods of preparation.

I sent \$100 home in
registered mail - let me
know when you get it.

Instruction - get &
save as many campaign
buttons about all

candidates as you can -
even Kennedy + McCarthy,
Romney, whatever you run
into.

Any more happen on the
Rausch. - APT incident?

Any news about anybody
I'd know? How have Elgin
football teams done? Send
the annual pre-b-ball issue
when it's out. Tell Dues. to
get in shape.

My prediction is that
Mickey Dick will win.

Whether he's in for 4 or 8
years, he'll make the
Kennedy Restoration more
welcome, desirable, & welcome
than would Hubert. Bin &
bear.
