15 NOV 68

Here's our anniversary issue.

Succeeded in getting

myself on a chase run to

Phillipsville this weekend -

were bringing the hard-core

riot-leaders back for

treat. They will go in our

new cell blocks. Most are

blacks & thourly full of

hate for all "whites."

But I found one guy

from Texas who thinks the
Black Power boys are way off
the track. He's had 3 years of
college, will go to law school &
has political ambitions & a
lot of motivation.

Have enclosed review of the
book for X-mas consideration.
Save the clip - desk upstairs.
