What was done with Sam's cash?
Tell her the names of a mutual fund,
namely the one under my name.

Tell Helen-Joyce I'm here by choice,
first choice - & that she should get off
of her soft posterior, learn Vietnamese &
teach over here. The overfed American birds
don't need her as bad as these birds do.

I see Nixon's going to solve all our
problems by enlisting the aid of ~~at~~ at
periodic breakfast prayer meetings. It's
good that he's starting early in the
morning - the old man's pretty busy
these days.

Only thing that didn't sound familiar
in package was a styrofoam box or
something you mentioned. Another will
be along soon - with 3 or 4 undeveloped
rolls in it, develop, view & put them
away & I'll pay when I get home.
