Mr. Greg Vandergriff

Chattanooga, IN

Dear Greg:

You certainly are quick on the reply. Of all the vets I've written over the years you're the champion letter-writer, and I appreciate it.

Yes, I got the roster. It's a valuable document and will become part of my Vietnam War museum collection. That's what I call my footlocker full of souvenirs and pictures. One name that got away from me was the guy in first platoon we used to call "Red Mountain." Do you know his real name?

Thanks for the picture. Do you want it back? The reason I'm slow with this letter is that I've been looking for one of me from the war period. It looks like they're with my mother in North Carolina, and I don't think I should break up her collection of family mementos. Instead of a picture, maybe a visit would be possible sometime this year. Are you planning to be out of town anytime during the next few months?

I heard from Rodriguez again. He came up with another name, this one from third platoon:

Daniel D'Acqua
