Mr. Mike Rodriguez

Kansas City, MO

Dear Mike:

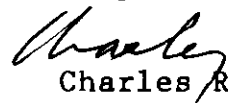

Thanks for sending along the polaroid shots of the loot you public servants are intercepting. It's discouraging to know how much money they can make, and so much faster than honest guys like us. But how did you get that pile of pictures through the mail with only one stamp? Of all people, our police personnel must pay close attention to postal regulations!

I wrote Upshaw several weeks ago. You're right-- he's not much of a letter-writer. Got a phone number on him? I also wrote D'Acqua a couple days ago. He's close enough for a visit, from here anyway.

I still have the same job; just bought a house a few months ago. Now I'm a slave to a mortgage. Taking any vacation time this summer? Any travel plans?

Hi to your family.

Semper Fi,

Charles R. Anderson
